

Unsettled tonight and Thursday.
Probably showers; warmer Thursday
west portion.

ACQUIRE LAND TO ELIMINATE CURVES

Condemnation Process Found Unnecessary—Weather Halts Work.

Construction work has been stopped on the Rock county highway to Edgerton by Commissioner Charles E. Moore until more favorable weather conditions. The pavement pouring will be resumed at the earliest possible date when the sub-grade is dry enough to permit work. The delay is not expected to last more than 24 hours, according to the road engineers.

While the construction gang is idle, the county road authorities took action to settle all right-of-way claims. An agreement has been effected for the strip of land needed to put the road across the Hubbell farm. Condemnation proceedings seemed likely for a time, the county committee being unable to successfully negotiate with the owner.

An agreement has been reached for property needed on the farm of William Willie, near Indian Ford, where turns are to be eliminated by cutting across farm land.

The paving was stopped for a day or more about 200 feet north of William Shoemaker's farm.

Milk Producers in Hard Fight for State Bill

All pressure possible is being brought to bear by Southern Wisconsin farmers for the passage of the proposed state bill to prohibit the manufacture of filled milk. The bill successfully passed the assembly and is to be before the State Affairs committee or the senate this week.

A total of 2489 letters calling upon farmers to use their influence to have the bill passed were placed in the mails by the Rock county Farm Bureau on Wednesday. The farmers are urged by the Bureau officers to write the legislative representatives from Southern Wisconsin or others known and make known the united demand of farmers and milk producers for the passage of the bill for each month and not less than 1000 names is to be sent to Senator E. T. Ridgway, Elkhorn, indicating the attitude of the milk producers on the proposed measure, which has yet to pass the senate.

COUNTRY PUPILS PREPARE FOR EXAMS

Country school students are burning the midnight oil this week. The reason is graduation "exams" which are to be held Thursday and Friday of this week for each fifth and eighth grade pupils. The seventh grade students are given final examinations in three subjects, which are credited to them for next year. The tests will be held at all of the schools of the county system.

METHODIST MEN ENTERTAIN WIVES

Annual "Ladies' Night" will be observed at the Methodist church Wednesday evening by the 100 members of the Methodist Men's Brotherhood. The men plan to speak and sing. A program of music, with many surprises is to be given.

Use our Special Guernsey Milk every day. It's Tuberculin Tested. Only 12c per quart.

ENTHUSIASM HIGH AT Y. M. C. A. MEETING

Continued from page 1.

therefore is carried on under difficulties. On an average afternoon the secretary took the names of 125 different boys who used the building. This is no guess work but absolute facts. Many a day more than 200 different boys have used the building.

60 at State Camp

Sixty local boys attended the state Y. M. C. A. camp at Phantom Lake. The program of which is set up with the idea of building character in boys. Through the mental, physical, social, moral and religious training boys are unconsciously made bigger and cleaner. The aquatic shield, presented to the camp by P. S. Baines, Janesville, was won by the Janesville boys. Without a doubt more effective work can be done with boys in the weeks at camp than in the rest of the year. They are in camp and under the supervision of leaders for a greater period than they are through the Sunday school or during the rest of the year. Out of 2000 boys in Janesville there are only 150 who have had a camp experience in the past year.

Proud of Club

"The association can be proud of the members of the H-Y club, members of the two upper classes in high school, for they represent the best in the way of leadership, scholarship and athletic lines. Under the leadership of C. W. Caney and Charles Alderson the club has put in a worthwhile year. The Triangle club is doing the same type of work as the H-Y although on a smaller scale. It is mainly from this group that the H-Y club recruits its membership," Mr. Preston declared.

"The big thing of the year has been the promotion of the Live Wire League. Last year we had but two groups with 80 boys enrolled. This year we have 18 groups with more than 200 boys enrolled. They met in the different homes of the boys for a period of 16 weeks carrying out this type of work which is intended to instill in the boys a desire for the right kind of lives and as church members. If we do not tie them up to a church now they won't join afterwards."

Koller Tells of Work.

John C. Koller, membership secretary and the official of the Y. M. C. A., who comes in contact with more men than any other, outlined the work done in this department.

"Our dominions," said Mr. Koller, "have been filled to capacity almost all the time and not being able to accommodate all who have asked for a room in the building we have maintained a list of desirable homes and have directed 870 men to these places. A majority of them were satisfied too, and in one instance the man married the housekeeper."

Through the efforts of Mr. Koller, a chess and checker tournament was arranged at Easter, an orchestra organized with 17 members, a thrift campaign was conducted, many servicemen and others took scholarships in correspondence courses of the Y. M. C. A. and University of Wisconsin, several soldiers were aided in securing compensation, bonuses and travel pay. 56 men were

SOLOMON'S WISDOM FAILED HIM ONCE

Tired of Books—But He Had None Such As Now Exist

The wise Solomon said: "Of making books there is no end; and much study is a weariness of the flesh." But was he wise when he said that? We rather think he was very young—perhaps in his school days—because in our time only a school boy would think such a thought, much less say it.

The word "book" is a very old word, and has an interesting derivation. It runs through all the Teutonic tongues, and is thought to come from the Saxon word "boec" which meant "speech," the word upon which the ancient Teutons wrote their runes, or poetry and sacred writings.

The word "write" is directly connected with the word "book" and comes from the German "rezen" to read, meaning that the letters were cut in the wood, turning it. Going back to Solomon again, however, had the New Universities Dictionary been possible in his day, he would never have called study a weariness, but on the contrary, a fascinating pleasure. At least all those of our readers who take advantage of the wonderful distribution we are making of that volume call it a treasure. Our coupon offer, published daily in this paper, explains how to get it.

placed in jobs while many others were helped in getting odd jobs about the city.

Membership Keeps Up.

"Considering the fact that a large number of men have left the city during the past year, we are thankful that the membership has kept up so well, there being at the present time 827 members, almost the same as that of a year ago when our city was one of the busiest in the state," he said.

"The new department added to the Y. M. C. A. in the past year has been the cafeteria," said W. W. Jole. "After much consideration and investigation the board of directors felt that this would be a fine addition and would be the source of increasing our revenue. Results up to the present time have favored our decision. The work is growing larger than the building can accommodate and I hope that the day is not far distant when we will have a larger building."

Treasurer's Report Read.

The report of the treasurer, George Jacobs, as read by Mr. Dale is as follows:

INCORPORATION OF Y. W. C. A. COMPLETED

Organization of the Janesville Y. W. C. A. will be effected at the first annual meeting to be held in the new association quarters in the Gazette building on May 27, according to articles of incorporation which have been filed with the register of deeds, Frank P. Smiley.

The articles of incorporation call for a board of 21 directors with the usual officers. The names signed on the incorporation papers are Mary R. Barker, Ruth D. Markham, Kathryn H. Ketchum, Margaret D. Owen, Ruth M. Jeffers, Harriet M. Grant, Sara M. Richardson, Eloise P. Mount, Mary E. Stevens and Ella Jacobson.

NOTICE
 The young men of the First Christian Church will give an ice cream social Thursday evening, at the church. Come and see what the young men are doing. Splendid entertainment.

STORAGE BATTERY STATION OPENED

To handle a full line of storage batteries, C. W. Gifford, formerly of Milwaukee, has opened an official station at 23 South Bluff street, next to Russell's garage. He will engage in recharging, repairs and replacements, carrying a full line of new batteries. A large plate glass window will be put in the front of the building. Associated with Mr. Gifford is his brother, P. F. Gifford.

TWO DELOIT ADDITIONS

Papers were filed with the register of deeds Wednesday for two new subdivisions in Deloit. One is the Perrygo second subdivision on Haver and Park avenue and the other for Chapin's place, a new residence district.

MARRIAGE LICENSES

Applications for marriage licenses were made Wednesday at the office of the county clerk by Edward Julius Sieglitz, Chicago and Kathleen Burns

Mrs. Roscoe, Minn. and Clayton J. Jackson, Hanover, and Calma Agnes Quarless, Footville.

Brookfield—George Keuper, 66 years old, a retired farmer, hanged himself from the granary rafters at the farm house of Henry Milow, two miles south of here. Mr. Keuper's wife died about a year ago and recently he had made his home with his daughter, Mrs. Milow. He was well known in this vicinity and he leaves a son and three daughters.

denne you offer in identifying yourself as the person to whose order it is drawn is scarcely sufficient."

"I have known you to hang a man on less evidence, judge," was the stranger's response.

"Quite likely," replied the ex-judge; "but when we're giving up cold cash we have to be careful."

"That new clerk of ours won't do," said the junior partner.

"Why not?" asked the head of the firm.

"He was an hour late the first morning he came to work."

"You have to be about that," he said he over slept because he sat up until 2 o'clock in the morning writing

According to Mrs. Annette Abbott Adams, now assistant attorney general at Washington, women can contribute to the high cost of food by their "movement to eliminate one article of diet from the dining table and give the money saved to the relief of the starving in China."

STATE IS IN FOR LONG DRY SPELL

Matheson Bill, Soon to Become Law, Will Make Wisconsin "Bone Dry."

Wisconsin is in for a long, long dry spell. The saloon with its bar, rail and fixtures will have to go. Once the Matheson dry bill is signed and published no intoxicants can be prescribed or sold legally within the state. Physicians of Janesville will rest up their writing hands and their pens will dry up for a spell, doctors being unable to hand out the drug-store slips exchangeable for so much whiskey or wine. Anti-prohibition forces after a long and bitter campaign in the Wisconsin legislature were unable to extract any of the teeth with which the Matheson bill is armed to really prohibit. The bill is to be signed and on publication becomes a law. Once published traffic in liquor stops in so far as it is possible to stop it through laws.

From the day of publication until each doctor and druggist has obtained a special permit issued by Prohibition Commissioner Stanley Smith, all legitimate liquor sales are strictly banned. It will take a month at least before the necessary forms as required by the Matheson bill can be printed and other preliminary work performed.

Amateurs Start Wednesday--Tractors vs. Whitewater

CHURCHES TALKING BASEBALL LEAGUE, JRS. MEET TODAY

The sport that makes the kids yell their heads off and gives scores an opportunity to take active part for their own physical welfare is back. After a lapse of a couple of years, a baseball league has been formed, the first game of which will be played Wednesday afternoon at the fair grounds when the Dake-Rites and the Eagles clash at 5 o'clock.

Following the formation of this senior league, a meeting will be held at the Gazette office at 4 o'clock Wednesday night for the juniors to take up the matter of organizing them into a circuit. There are perhaps six teams in this division that can be swung into line.

At the same time, several of the churches of the city are discussing the chance of setting together for a church baseball circuit. The Congregational church already has formed a team and has given challenges to the Methodist and the Baptists. It is probable that a meeting of the managers will be held shortly to discuss this matter.

Enthusiasm in the city league runs high. The managers and captains of the clubs are working hard to get their teams lined out so that they will be able to make a strong showing during the 10-week season. One of the rules which will probably be put into effect will limit the number of players on each team to 15 with a clause that the roster must be handed in by Secretary Frank Sinclair by June 1 and no changes will be permitted after that except by special sanction.

In the event that the weather makes it impossible to play the game Wednesday, it will be run on Thursday. The game will be played at 4 o'clock on Sunday morning, the Moose and the Knights of Columbus get going.

AFTER WELTER TITLE

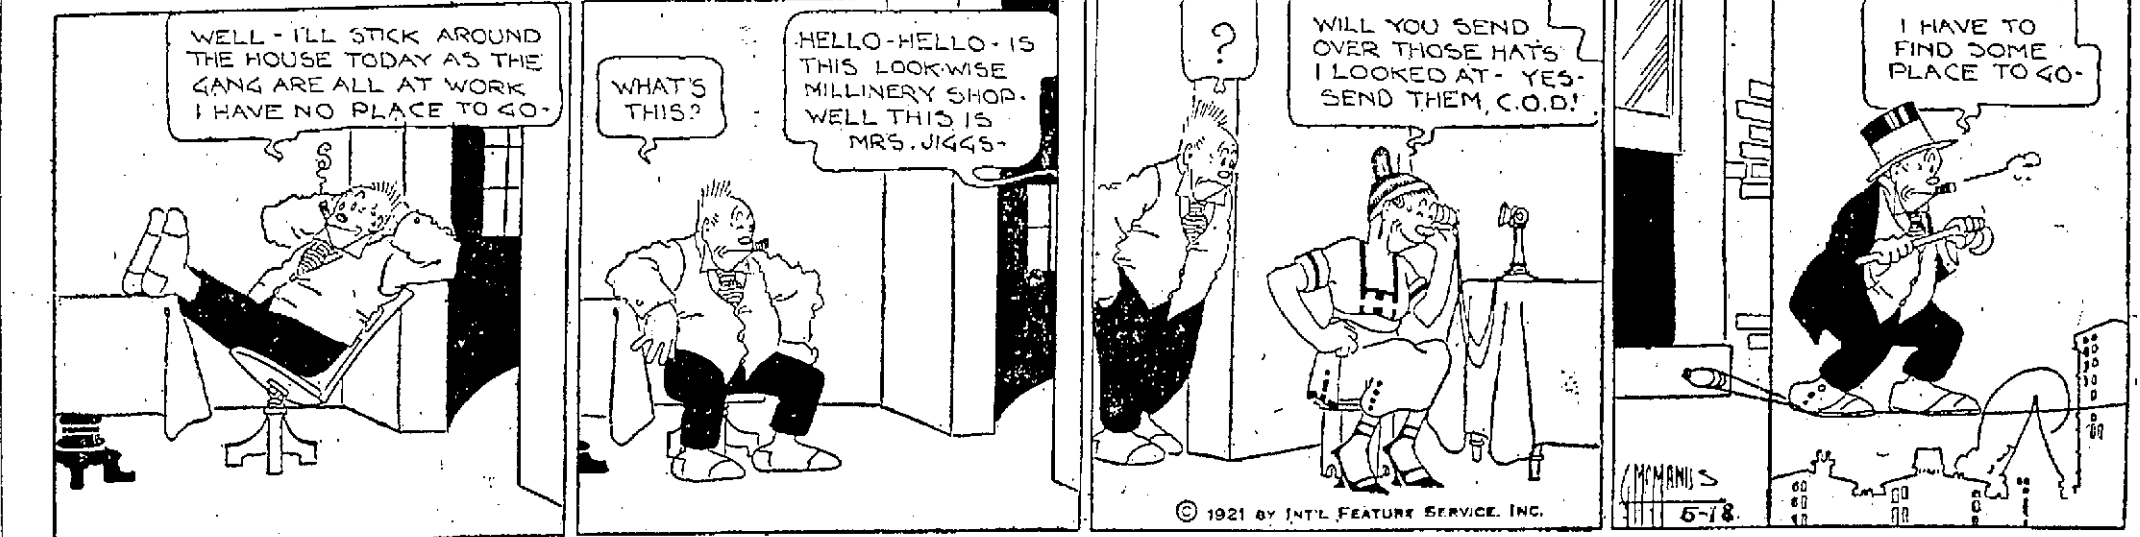

Superior, Wis.—Eddie (Kid) Billings, rated as the best welter in this neck of the woods—and there are a lot of good fighters up this way—is in training here for a series of bouts which will carry him across the border into Canada.

Billings will start against Morris Mallock of Janesville, May 24 following which he will journey to Port William, Ont., and Winnipeg, for bouts. He will return to the states and battle at Marquette, Mich., and Duluth. He is also wanted at Chippewa Falls.

Though he has met a score of the best in the game Billings has never been knocked off his feet. When it is recalled that he has fought Jack Britton, the champion, Johnny Tillman, twice, Jack Malone, Joe Egan, Albert Badoud, French champion, Joe Wellins, Frankie Whitney, Nell Allison, Mike Paulson, and other tough boys this is an accomplishment worthy of recognition.

Office, 211 Hayes Block.

BRINGING UP FATHER

Ruth Hits No. 12; Sox Rout Macks; Cubs Drop, 8-4

AMERICAN LEAGUE
After Speaker and Ruth had a little gab fest that was pretty hot, the Sox of Swat turned around and hit into his 12th homer in the ninth over the right field fence. Cleveland won, however, from the Sox, 4 to 2.

For the second time this season, a White Sox pitcher went the full nine innings. McWeney did the trick, out-pitching four Philadelphia pitchers and winning 10 to 4.

Leonard gave way to Oldham and the Senators defeated the Tigers, 2 to 1. It was the final game of the series.

Joyner's wild pitch after Jacobson's triple had brought in Gerben, gave the Browns two runs in the eighth and the game from the Red Sox, 4 to 2.

NATIONAL LEAGUE
Removing Marlin to make way for a pinch hitter, Jones was hit in but was unable to stand the gaff and the Cubs lost to Boston, 8 to 4. He gave four runs.

Walker won for the Giants with a home run in the 11th, the score being New York, 4, Cincinnati, 3. He also made a triple and a double.

Schmidt, Pirate catcher, suffered a split finger by Pittsburgh trimmed Philadelphia, 6 to 4.

Featured by homers by Krueger and McHenry, the Dodgers took the final of the series from St. Louis, 9 to 7.

AMERICAN ASSOCIATION
Taking the third straight game from Toledo, Kansas City took a firm grasp on first position, 7 to 4. The Kaws made five runs in the second stanza.

Fan Yells for Loyalty to Home Ball Team First

Sporting Editor's Note: There is more truth than poetry in the following letter. Folks around Janesville must wake up and back the ball team or they will be playing a funeral march over the dead body of the Tractors.

SPORTING EDITOR, THE GAZETTE:

In regard to the Beloit and Janesville games, I will say the fans of both towns desire the games. I was down to Beloit Saturday to visit my brother and saw the game, the first time I ever saw a game there except when the home team played there.

I was surprised to see so many Janesville fans there and my brother said it was nothing new. I saw the home game Sunday and if the fans can't see just as good games here, I want to be shown. The impression given at Beloit, and even here, is that without the Beloit-Janesville games, the Janesville club must go on the rocks.

Let me say this is just what the Beloit management wants. Before Janesville got a good club, a few hundred fans from here were hoping for Sunday games there. From now on it is the duty of the Janesville fans to show we can have and will support a good baseball club. One club can't be expected to win all the time. The closer a series, win or lose, the more excitement there is.

However, we are all Americans and the fans of both Beloit and Janesville desire, should have, the right of Beloit-Janesville games being played. Wake up boys and show the world we can support a good ball club. WILL DREW.

Foreign Vets Back Dempsey

Atlantic City, N. J.—Members of the veterans of the foreign wars of this city bade defiance to local American Legionnaires today by formally notifying Jack Dempsey, heavyweight champion, that they were supporters of him as an American in the big fight with Georges Carpentier dated for Jersey City on July 2, next.

MILTON PLAYS NORMAL IN RETURN THURSDAY

(By Gazette Correspondent.)
Milton—What promises to be one of the hardest baseball games of the season for Milton college will be played Thursday afternoon, when Whitewater Normal journeys here for a return encounter. The Brown and Blue with Lanphere on the indelible list and Jakusko laid up with blood-poisoning, lost to the Normalites on April 29 by the close score of 4 to 3. This time it will be a different story, according to supporters of the local team. The largest home crowd of the season is expected to see the rival schools in action.

In Fayette, Ind.—Turk lost to Northwestern 7 to 4, in a Western Conference baseball game.

Nantuxet, Ill.—Carpentier started walking as his first exercise in preparation for the championship bout.

Church Basket Play-Off Tonight

To play off the tie in the church basketball league for third place, the Baptists and the Congregationalists will meet at the Y. M. C. A. gym at 8 o'clock Wednesday night. This game has been hanging fire ever since the league season closed several months ago.

It is probable that medals will be given to the first, second and third place winners of the race. These will be paid for out of receipts from games.

GIRL NET ARTISTS OF MILTON ENGAGE WHITEWATER TODAY

(By Gazette Correspondent.)
Milton—Competition for the singles championship in the men's tennis tournament at Milton college has narrowed down to two contestants, A. K. Duland and W. D. Burdick. In the semi-final Duland beat P. M. Rodolf, 6-0, 6-0, and Burdick beat A. E. Skaggs, 6-4, 6-0, 6-4. It has been decided to play off the final match Wednesday afternoon as an added attraction to the singles and doubles matches between feminine players of Milton and Whitewater Normal school. In the event that rain makes the courts unfit for use, both the tournaments and all events will be postponed till Friday.

Gleason Happy for Sox Outlook

Chicago—Manager Gleason of the White Sox is rejoicing over more encouraging developments on the club than the clean sweep of the four game series against the Athletics for his Pacific coast league sluggers appeared to have hit their stride. His three new infielders made seven hits Tuesday. Mulligan, formerly of the Salt Lake club, getting four. McWeeney, one of the new pitchers, went the full round, the second time a new Sox twirler has accomplished that this season. Mulreennan holding the Athletics helpless last Sunday.

BADGERS FACE STRONG ENEMY IN ILLINOIS ON TRACK SATURDAY

Madison—Illinois will meet probably her most formidable opposition to 1921 outdoor track championship Saturday afternoon when the Wisconsin university track and field squad line up in a dual meet at Urbana.

HIGH WINDS KEEP RIFLE SCORES DOWN

High winds interfered with the shooting of the second round of the Janesville rifle club in the N. T. A. shoot. The local boys, shot only 19 points less than the first round, hitting 1799 for the 10 high and 919 for five. The average was 183.4.

Scores:
Nort, 36-37, 123; Maxfield, 32-55, 187; Hamilton, 37-87, 181; Hart, 30-34, 184; Smith, 35-88, 183; Schwesler, 85-97, 182; Hoarue, 36-78, 171; Goodsell, 87-85, 172; Church, 32-80, 173; and Bill, 83-83, 170.

Chick Harley Swamped With Coaching Offers

Columbus, O.—Offers to coach football teams next fall are rolling in on "Chick" Harley, the Ohio State University gridiron star. The latest bid is from the Indiana, Ia., college which offered Harley \$4,000 to assume the athletic directorship. Harley was assistant to Coach Wilce at Ohio State last season and may decide to remain for the 1921 season.

National Rifle Shoot at Camp Perry, Aug. 27

Washington, D. C.—The government marksmanship contests, known as the national matches, will be held at Camp Perry, Ohio, Aug. 27 to Sept. 22. Matches of the National Rifle Association of America will be shot Sept. 8 to 14, and national team and individual rifle and pistol matches Sept. 15 to 22.

Chicago—Wilbur H. Brooks of Cleveland, president of the Western Golf association, resigned, and was succeeded by Albert B. Gates of Chicago.

DON'T OVERTRAIN SAYS EX-LEAGUER

Fort Worth, Tex.—Down in what high salaries of the major baseball leagues term "the bushes," a discarded big leaguer is making a valiant effort to prove that ball players come back. He is giving Babe Ruth and George Kelly a real race for national home run honors.

Clarence Kraft, first baseman of the Fort Worth club of the Texas league, is the player. On April 28 he smashed out his seventh homer of the season—four days before Kelly made his seventh and before Ruth had knocked out his sixth.

Trled by Boston
Kraft was tried out by the Boston and Brooklyn national league clubs in 1914 and sent Newark. Even there he was not considered good enough to stick. But now, in the Texas league, this "discarded" has made up his mind to get back in the majors and bids fair to literally smash his way into another tryout.

Overtaining, which may prove dangerous before the season closes, faces the baseball player who enters into some other sport between seasons, according to Kraft. The home run hitter who played basketball early in his diamond career, warned beginners against overtraining.

LOCALS IN RETURN BATTLE THURSDAY WITH THE QUAKERS

Whitewater's speedy group of former Winnipeg ball players will be given an opportunity Thursday to get revenge for the 6 to 4 defeat handed them by the Janesville Tractors here last Saturday. Manager Perring's crew will journey to the hang-out of the Quakers to engage in a return duel starting at 3 o'clock.

A large number of Janesville fans plan to make the trip in motor cars. The peppery display of baseball put up by the Whitewater gang has attracted considerable attention and discussion. Some of the Janesville boys expect to band together to hire a bus in which to make the trip.

Negroes Are Comedians
The All-American colored team coming here for next week-end is noted for the extremely good nature of its players. H. Baldwin, third sacker, is one of the best comedians in the baseball line. For their antics on the diamond, the dark gent is just as big a drawing card as for their baseball ability. One of the biggest crowds of the year is being arranged for by the Tractors. Here's hoping the only dark clouds on Saturday and Sunday will be on—not over—the fair grounds.

Davis Cup Committee to Assign Net Matches

New York.—The Davis Cup committee of the U. S. Lawn Tennis Association will meet Friday to assign matches to take place in this country. 12 all matches that now appear likely to be held here are played, arrangements must be made to acquire seven courts.

Concrete Runs Dollars of Value Into Your Property

WE GUARANTEE OUR WORK

Sidewalks and Curbs Driveways and Floors Foundations and Walls

We employ the best mechanics. We have the most complete line of tools and equipment. We buy cement by carload and store it in our own warehouse. That is why we can do your work under a guarantee for prices as low as ordinary work.

OFFICE, 211 HAYES BLOCK

ADDER SIX-THIRTY P. M. CALL

F. D. Hayes, Bell 718. J. R. Hayes, Bell 554. J. B. Fountain, Bell 2757.

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next F—go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

U. S. INSISTS REDS FREE PRISONERS

Until Then Hughes Refuses to
Have Any Dealings
With Soviet.

BY DAVID LAWRENCE
Washington.—The United States government refuses to have any dealings with the present Russian government until all American prisoners are released. The government insists that the Russian government must first release all American prisoners before any negotiations for a commercial treaty with Russia can be entered into.

With a degree of feeling and indignation that conveyed a world of meaning, the spokesmen of the Washington government outlined their attitude toward Russia. No government in Russia can come even within "hailing distance" of the United States.

It was emphatically announced, until the prisoners are given their freedom, that the United States government will not deal with the Russian government on international questions.

But if the Moscow government imagines that the United States will be influenced by such tactics to think well of the Soviet, no greater mistake could have been made. Our government regards the tactics of the Soviet as calculated to alienate American public opinion and to postpone the hour of recognition even though the usual conditions necessary to such a step shall have been formally satisfied.

The question is being asked, "What can the United States do about it?" The idea of using physical force to maintain American rights abroad is so often proclaimed in the halls of congress with patriotic fervor in this case at least impracticable for an expedition against Russia to rescue the American prisoners is from a military viewpoint colossal. The American government has on more than one occasion discouraged a military move against Russia in company with the allies when the situation was even more distressing than it is now.

Full Back on Moral Force.

Our officials therefore are compelled to fall back on the use of moral force and diplomatic pressure. For one thing, the United States now has a voice in the supreme council and in the council of ambassadors and whereas Russia might have seen the United States and Great Britain lined up against her in a more or less favorable attitude toward Russia as against the French and Polish hostility toward the present Russian regime, the chances are that the diplomatic representatives of the United States will not only be no obstacle to a resumption of trade with Russia, but will also be no obstacle to a resumption of trade with Russia.

U. S. Influence Pet.
The chances are that the Lincoln-Hughes policy will not only be no obstacle to a resumption of trade with Russia, but will also be no obstacle to a resumption of trade with Russia.

From this time forward the United States government will deny every proposal that is made for the opening of trade or governmental relations with the Soviet and will even deny to consider any program looking toward the recognition of Russia until the American prisoners have been released and protection is assured all other Americans who may desire to travel in Russia on legitimate errands.

Ladies of 2nd Ward Division, Congregational Church, will hold an all-day Baking Sale, Friday, May 20th, at Sheldon's Edw. Store, Cor. S. Main and Court Sts.

FISH PLANTING IS ABOUT OVER IN STATE

Madison.—Fish planting is about completed for the year in Wisconsin, with the exception of bass, according to Brayton O. Webster, new conservation commissioner, who has just replaced James Nevin, resigned. Unfavorable weather conditions have brought about a situation unfavorable to the propagation of bass. He said, millions of trout fingerlings have been added to the Wisconsin streams this year, and will in all likelihood be plentiful for fishermen, the commissioner declared. Likewise the pike run is expected to be good. The cold spell of the past week will result in a small hatching of bass in Wisconsin waters, according to Mr. Webster.

SUN SPOTS' EFFECT ON WEATHER OBSCURE

Washington.—Sun spots do not control the weather but are more or less related to auroras, earth currents and terrestrial magnetism, according to the United States Weather Bureau. If there is any relation between terrestrial magnetism and auroras on the one hand and the weather on the other, a statement issued Tuesday said it was quite obscure.

Ladies of 2nd Ward Division, Congregational Church, will hold an all-day Baking Sale, Friday, May 20th, at Sheldon's Edw. Store, Cor. S. Main and Court Sts.

STILLMAN DIVORCE COMPLAINT PUBLIC

Text of Formal Charges as
Brought by Banker Is
Published.

New York.—The complete text of the complaint which James A. Stillman, millionaire and recently resigned New York bank president, filed against his wife, Mrs. Anne U. Stillman, formerly "Ellie" Potter, stage star, is seeking a divorce on charges of infidelity and in which he assailed the parentage of Mrs. Stillman's youngest son, Guy Stillman, was made public Tuesday.

Mrs. Stillman was served with a summons on board a liner en route to Europe in July. But it was not until her return to this country in September that she read the following charges:

Charles She Read
"James A. Stillman, plaintiff, vs. Anne U. Stillman, and Guy Stillman, defendants."

The plaintiff above named by his attorney, Cornelius J. Sullivan, for his complaint, alleges as follows:

"That plaintiff and the defendant, Anne U. Stillman, were married in Grace church in the borough of Manhattan, city of New York, on the third day of June, 1911; that the plaintiff was a resident of this state when this action was commenced and was a resident of this state when the several acts of adultery hereinafter alleged were committed."

James Beauvais
"Second, on information and belief, that the defendant, Anne U. Stillman, has committed adultery with one Fred K. Beauvais, and ever since the first day of May 1917, has been living in adultery with him at Grand Ave. and St. Maurice river, province of Quebec, Dominion of Canada and at hotels in the city of Montreal, province of Quebec, Dominion of Canada, but which hotels plaintiff is unable to name particularly to state, and at the house of plaintiff and defendant, Anne U. Stillman, at Pocantico Hills, Westchester county, state of New York."

Plaintiff Declared.
"Third, that such acts of adultery were committed without the consent, connivance, privity, or procurement of the plaintiff."

"Fourth, that five years have not elapsed since the discovery by the plaintiff of such acts, and that the plaintiff has not voluntarily lived with the defendant, Anne U. Stillman, since such discovery, nor has plaintiff forgiven the same."

"Fifth, that the only issue of said marriage was Anne Stillman, born on the 28th day of February, 1902; James Stillman, born on the 1st day of January, 1904, and Alexander Stillman, born on the 28th day of September, 1911."

Denies Parentage of Boy
"Sixth, that no decree of divorce has been obtained by the defendant against the plaintiff in any court of this state or in any other state or territory of the United States upon the ground of adultery."

COUNTY HAS KEEN COMPETITION FOR HONORS IN CORN

Rock county will have to "bump some" to lead the state in corn production. Wisconsin is holding a high place as a corn producing state and increasing the yield each season. It is not to be wondered at when Wisconsin farmers are growing as high as 138 bushels on a single acre. In the two acre contest held by the state last year there were results which showed that Wisconsin growers obtained more corn per acre in 1919 and 1920 than any other state in the union.

The northern boundary for corn is being gradually pushed northward. Noyes Russell, Rock county grower, has developed a successful seed-resisting corn which gives his yields in the more severe northern climates. The showing for the state is all the more impressive when it is considered that only a little over half of the land in the state is under cultivation, and that some of the biggest yields of corn are being grown on some of the lighter soils.

Golden Glow is the most popular variety in this section, for it has been a consistent winner in yield. The biggest yield of corn was obtained on a farm owned by the Johnson brothers in Brown county, where they grew 138.2 bushels of Golden Glow on an acre. They planted the ear to row method for next season's crop, and seed was selected for planting while on the stalk in the field.

Brown county is one of the counties Rock county must beat in leading the state in corn yield.

IMPORTANT TAX
BILLS CONSIDERED
BY LEGISLATURE
Madison.—Consideration of important taxation bills was begun by the joint finance committee Friday when the Grimsrud measure providing for a surtax on land value in excess of \$10,000 was heard.

Professor John R. Commons of the University of Wisconsin declared that the bill was not a tax upon land but merely upon large holdings of land, and that it passed would affect city property much more severely than agricultural land.

The principal feature of Dahls' bill is the repeal of the personal property offset to the income tax. Exemptions are also raised to make the Wisconsin law uniform with the federal statutes, the secrecy clause is repealed, and the state is apportioned 15 per cent of the income taxes collected.

Truck May Protest Provisions of Highway Bill

Madison.—Another hearing is being asked by manufacturers of heavy trucks on the highway commission's bill classifying trucks and highways. Manufacturers fear that the bill in its present form is too drastic and would result in a large loss of business to them. They wish to offer amendments, toning down the measure. The bill puts highways into three classes, A, B, and C, and limits the weight of traffic each type of road will be permitted to carry, with the extreme limit of 12 tons. It has been passed by the senate and is now before the assembly. Owners of large trucks who are in the business of transporting freight, also desire a modification of the bill, as they fear the present proposal would limit their business to concrete roads.

Would Ask Congress to Return Lake Freighters

Madison.—Freight rates would be reduced and the cost of living lowered in proportion if the federal government was compelled to return the 80 package freight boats taken from the Great Lakes during the war. Assemblyman James Oliver, Brown county, emphasized before the senate state affairs committee while presenting his joint resolution asking congress for the return of the freighters.

Dahl Income Tax Measure Adds Step to Journey

Madison.—The \$17,000,000 Dahl income tax measure added another step to its journey in the legislature after engrossment by the assembly, when it was heard by the joint finance committee Tuesday. The draft, which was led by Assemblyman Dahl, who declared that the repeal of the personal property offset clause was the principal feature of the bill, which alone would add \$5,000,000 to the tax roll of the state. The Grimsrud bill placing a surtax on large land holdings has been reported for indefinite postponement.

Men, 16 to 35, Are Eligible to Summer Camp

Backed by the support and recommendation of Gen. John J. Pershing, the citizens' military training camp, to qualify as reserve commission officers, will be opened at Camp Grant July 2 and be continued for at least four weeks.

The Grant training camp, to serve Wisconsin, Illinois and Michigan students, will be fully equipped and opportunity given for students to learn the workings of combat troops and procedure of special services in the military establishment. The government proposes these camps as schools in citizenship and national defense. Military training will be directed to the initiation of young men into the conditions of camp life and the elementary duties of the soldier. Stress is to be placed upon the development of physical health and vigor through the program of outdoor sports under expert supervision.

Men between the ages of 16 and 35 who are of sound character, intelligence and physical condition will be eligible for membership and enrollment, the camp being primarily intended for men of little or no military training. Attendance entails no further military obligation, although it is hoped that men will associate themselves later with the national guard of the reserve. The military training camps are the outgrowth of the Plattsburg idea and will be the means of preparing citizens for national service. The first year in camp is to prepare a man for being a soldier, the second for being a non-commissioned officer, and the third for being a reserve officer.

This would relieve only three major tax bills on the committee calendar, the Severance surtax on incomes with the Conant amendment, and the Arnold income tax bill.
